# CREATIVITY!

## Your Mind, Our Tools!

Let us help you pick the right tools for your job. Film or digital, we're here for you. You can choose from a vast variety of 35mm and 16mm film cameras. These are coupled with the industry's widest selection of lenses and accessories to give cinematographers the ability to maximize their creativity. We have a wide selection of anamorphic lenses both fixed focal lengths and zoom lenses, including the new Vantage Hawk V-lites in both 2x and 1.3x squeeze. Much attention has been focused on 3-perforation and now 2-perf cameras. Our Moviecam SL MK2 (tri-perf) is one stellar example, and we've recently introduced our 2-perf Arricams, 35 BL4, 35 BL3, Arri 435 and Arri 3 cameras. Our digital inventory includes Arri

Alexa and Alexa Studio, Canon EOS C300, 1D Mark IV & EOS 7D; all with PL mounts, Iconix, Panasonic, Red Epic and Red One MX, Sony F65, F35 and F3 cameras and the amazing high speed Weisscam HS2 and PS-cam X35. All supported with the latest in monitoring and DIT control equipment in addition to both file based and tape based recording options. Our goal is to provide outstanding service 24/7. The choices to express your creativity are endless. Feel free to call or drop by anytime and let us show you how we will take care of you and your creativity. Please visit our website to see what's new in our inventory.

Sincerely, Clairmont Camera
